

Moyvane ICA Guild

What was the idea

Moyvane ICA Guild was formed in 1954 and has 20+ members. The ethos of the guild is to improve and enhance the quality of life for people in the area of Moyvane and beyond. The group strive to provide a welcoming and inclusive environment for members and the wider community and are always available to assist any group if called on. To extend their services and classes the guild planned to purchase additional equipment which would also be made available to other groups in the community.

Challenges

The original plan to purchase a projector/screen was not possible due to lack of availability so the group had to change their plans and go with a new option of a TV, laptop and DVD drive.

How has this funding made a difference?

The ICA will be able to use the TV, Laptop, DVD player and Microphone Headset to hold various classes e.g., exercises classes, demonstrations, information evenings and presentations. This allows us in ICA to facilitate education, upskilling and vital information for health and well-being in the community. It will also be used to provide entertainment for younger children on our annual Family Fun Day'
