

MOYVANE LADIES FOOTBALL CLUB PROJECT

What was the idea

Moyvane Ladies Football Club are a juvenile Ladies Football Club consisting of players from the North Kerry/West Limerick region, mainly from Moyvane, Knockanure, Kilmorna and Tarbert. Participation in the club aims to improve girls footballing abilities but also their social, team participation and leadership skills through the playing of girl's football. The project to provide our members with their own jerseys for each age group and extra balls, will greatly add to training as the club were running low on gear.

Challenges

As club finances were very low, the group had lost their ability to fundraise from traditional sources. The club is a vital sporting outlet for young girls in the area and receiving funding from the EirGrid Community Sponsorship Fund was essential to having a well kitted out club and sufficient balls to help the team to develop their skills.

EIRGRID COMMUNITY SPONSORSHIP FUND

Amount Awarded
€4,000 commitment

Martin Mulvihill - Moyvane Ladies Football Club

'The girls were delighted to get a new set of jerseys which fit well and are of a good quality material. It has instilled renewed pride in our club'

How has this funding made a difference?

'We now have renewed pride in our club, participation grew from 86 last year to 112 this year and we no longer have to share jerseys which is essential in COVID-19 related times'

Key Users

Ladies Gaelic Football Club
Including 112 girls playing football from U8 to U18 along with 12 coaches/administrators

'We would like to thank EirGrid for making this investment possible as otherwise there would be very little chance to make these investments. This is especially prevalent as the usual sources of fundraising have been unavailable due to the COVID-19 restrictions'
